

FUNDRAISING FOR ARUK

Moeed Akbar, Florian MP Meier | University of Glasgow

Arthritis Research UK is the biggest funder of research into the cause, treatment and cure of all forms of arthritis in the UK. This charitable organisation that creates the knowledge to help change the lives of people with arthritis receives no government funding, but relies on the generosity and commitment of supporters to continue funding world class research. As such, we lend our support to this fundraising effort in many ways. This year, members of research groups from the Universities of Glasgow and Newcastle participated in the Edinburgh marathon in order to raise over £1000. Below are some highlights of the efforts.

The Bake Sale

The Route

After the Hardwork

"Goldilocks and the Three Bears" (Chris, Emma John-Paul, Shane) from the Newcastle University after completing the course in a time of 3:54:06.

"Glasgow Racers" (Moeed, Florian, James) from the University of Glasgow after completing the course in a time of 3:24:41.
